

Newsletter 2 for 2021.

Good news

With the announcement from the President to amend the lockdown regulations, the Federation has confirmed that the clubs can re-open for training but that there are strict safety measures that must be implemented.

Training will re-open on 13 February 2021. We are planning a bring and braai to open our training year.

The following measures to be adhered to:

1. All members and guests must sign the attendance register.
2. Face screens, cloth or surgical masks must always be worn.
3. Use hand sanitizer when entering and exiting the grounds.
4. Members are to provide their own chairs if required.
5. A distance of at least 1.5m must be kept between all persons.
6. A maximum of 50 people (inclusive of trainers) are allowed to attend a training session and a maximum of 8 people (including the trainer) are to be in one class.
7. Unless the dog can "aus" it is recommended that protection work be done "on lead" with a lead of at least 1.5m to ensure distance between the helper and the handler.
8. It is recommended that members with co-morbidities such as respiratory or heart disease, Diabetes, TB, hypertension etc. do not attend training.
9. Any person having attended a training session and then exhibiting flu-like or any Corona Virus symptoms during the week must report this immediately to the compliance officer.
10. Any person exhibiting flu-like, or any Corona Virus symptoms may NOT attend any training sessions.

As we have to appoint a compliance officer, is there a members willing to volunteer for the position?

**Let us put a smile on our face,
spring in our step and start
training.**
